Hello Paul,

I checked my records and printed 2016,17, & 18.

Those are the only CU land change tax we have had over the last 10 years. We did not have any for 2008 through 2015.

I put those copies of that info in the conservation box.

Deb

Hi Debbie --

I'm doing some research on the yearly revenue history from the Land Use Change Tax. Do you have those figures readily available for the past 10 years or so? Alternatively, I could look them up in past Town Reports, but I figured I'd try the easy way first.

Thanks!

-- Paul.
